Ebony

Dark plum tones with natural wood variation

FINISH DETAIL

The spirit of the forest

Light, texture and depth. The essence of Majestic Forest

01 / LIGHT & SHADE

A changing palette

Light moves through the canopy, revealing warm highlights and deeper shadows. Every glance reveals another tone.

LIGHT THROUGH THE CANOPY

02 / CHARACTER

Time leaves its signature

Bark, knots and irregular markings give each tree its own presence. Beauty lies in the details that never repeat exactly.

THE CHARACTER OF BARK

03 / DEPTH

A quiet sense of grandeur

Layer upon layer, the forest reveals itself. Tall trunks and distant light create a sense of scale, calm and lasting presence.

LAYERS OF WOODLAND

Inside Majestic Forest

A layered SPC construction, designed as one complete plank

5 + 1 / CONSTRUCTION

6 mm

TOTAL THICKNESS

5 mm

Flooring body

Includes the decorative and wear layers.

1 mm

IXPE underlay

Integrated backing beneath the SPC body.

SPC LAYER CONSTRUCTION

01 / SURFACE

0.5 mm wear layer

Transparent protection over the printed wood-look décor.

02 / TEXTURE

EIR embossing

A textured surface that follows the printed wood pattern.

03 / CORE

Rigid SPC body

A dense, mineral-based core forms the structure of the flooring.

04 / INSTALLATION

i4F Drop-Lock

A mechanical locking system joins the planks during installation.

Layer illustration: Kamston. Schematic; layer thicknesses are not shown to scale.
